APOSTILLE Requirements

Since July 14, 2007, the Republic of Korea has been a party of the 1961 Hague Convention abolishing the Requirement of Legalization for Foreign Public Documents. The Convention provides simplified certification of public (including notarized) documents to be used in countries that have joined the convention. The Apostille ensures that public documents issued in one signatory country will be recognized as valid in another signatory country.

- Graduated students from overseas universities should submit the Apostille or the attachment of an Authentication issued by Korean Embassy or Consulate during application, according to the direction below.
- Current university students may submit the Apostille or Authentication after graduation. However, the submission date must be before March 31st (Tue), 2020.
- For information regarding how to get an Apostille, please refer to the website:
<http://www.hcch.net> – Members & Parties – HCCH Memebrs.

A. Applicants from countries which are signatories to the convention must meet the following requirements:

1. Official certificates (graduation certificates/diplomas and transcript) from universities must be submitted with the Apostille attachment.
 - ※ Graduated applicants from universities in China must submit both certificate of graduation and degree certificate.
2. All documents must be in Korean or English. If it is in any other language, the applicant must submit a notarized/certified translation (in Korean or English) completed by a public notary in the country where the document was originally produced.

B. Applicants from countries which are NOT signatories to the convention and do not recognize the Apostille must meet the following requirements:

1. Official certificates (graduation certificates/diplomas and transcript) must be legalized by a Korean consular officer in the country which issued the certificates.
2. All documents must be in Korean or English. If it is in any other language, the applicant must submit a notarized/certified translation (in Korean or English) completed by a public notary in the country where the document was originally produced.
